He'll start with the basics and show how to monitor your child's activities on the Internet. Sites like MySpace and Facebook will be discussed along with devices children are using with ease that adults are clueless about!!

# Meet the Librarians of the Carroll Public Library

**Sharon Rogers** is the veteran librarian of the staff. She has helped run the CPL since 1989. Sharon manages all of our interlibrary loans (the ones we get from other libraries and the ones we send out). If we don't have a title in our collection, Sharon knows how to conduct a nationwide search to find it! Sharon also organizes the large print book contracts we have with other libraries.

Sharon is a member of the Crafty Library Ladies and encourages new "crafty" people to join the group on Tuesday mornings or Wednesday evenings.

Sharon and her husband Tom have a son Philip and a grandson. Sharon loves to play the piano, walk at Swan Lake and READ!

**Judy Behm** started at CPL in 1992 and is a jack-of-all-trades. Judy is the mastermind behind the new displays in the library. She catalogs adult materials and processes all the new books to get them ready for the shelves. If books need repair, Judy knows how to do it. When genealogy questions come in, we all turn to Judy for help! Judy likes seeing all the new books and helping people find a "new" author to read.

Judy is taking classes at DMACC in her spare time. She is married with four children and five grandchildren. She likes to do Suduko and word puzzles and READ!

**Nancy Pudenz** is the Children's Librarian at the Carroll Public Library. She began work at the library in 1995. As children's librarian, she is responsible for planning and implementing all the children's programming- Summer Reading Program, Toddler Storytime and programs for schools and Head Start. She also orders all the materials in the children's collection.

Nancy enjoys working with kids and watching them grow and mature into young adults with an enjoyment of reading. When she's not working, she enjoys golf, playing cards, camping and spending time with her family (especially her 10 grandkids- soon to be 11!) And she likes to READ!
